| Success Story

Air and Energy Management Solutions

Location

WorldSpa, Gurugram

75k sq.ft

Area Monitored

99.50%

Improvement in Indoor Conditions

CHALLENGE

- Integrate Air Quality Management Systems into existing Ventilation systems
- Reduce energy bills for ventilation

SOLUTION

- Installed AeroCare sensors, filters and humidity management systems
- Installed SmartSaver for intelligent airflow management

IMPACT

- PM2.5 and PM10 levels drastically improved
- Reduced energy bills from efficient building management

5 hours

Total Installation Time

23k/day

Data Points Collected

3 days

For tangible impact

₹1.8/sq.ft

Cost of solution installed
